

My name is Lucy Wills and I was elected as a parent governor in April 2018. I am a very proud mum to five children, one secondary aged son who attended Cromwell Academy from pre-school all the way through to Year 6. My two primary aged sons both still attend Cromwell Academy. I also have twin pre-school age daughters.

I have previously worked within the school as a lunch time supervisor for three years. I now currently work as an Ofsted registered child minder. I decided to stand for parent governor as there were lots of changes happening within the school and I wanted to learn and be involved more with all the exciting changes. Although I am still very new to this role, I am enjoying it and I have been excited to see how the school is progressing with our lovely new Headteacher and Governing Body. I look forward to supporting our school in the future.
