

I'm Linda Corrall; a co-opted governor. I'm a proud Mum to three grown up sons and a very proud Gran to four grandchildren. I retired from my post as a primary school headteacher in 2017. My granddaughter attends Cromwell Academy and, with time to spare, I decided to get involved and offer some of my experience to the school. As well as being a governor, I volunteer and help in the Year 1 and 6 classes this academic year. I have had wide experience of safeguarding as a headteacher of a large primary school and am passionate about ensuring all children have a safe, happy childhood. I also have a love of books. You can never have enough books! Reading stories to children is an absolute pleasure. I enjoy singing in a choir, yoga classes, swimming, walking, cycling, baking and gardening. All of which I had no time to do when I was a headteacher. I like travelling for pleasure and to support my husband's business. I've recently become a volunteer gardener for a local community project and I'm trying to learn to play the piano. The light of my life is my grandchildren and my best days are when I spend time with them!
