

# Wednesday 6.1.21

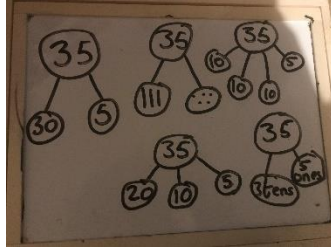

## Maths

<https://play.numbots.com/#/intro>

Partition these numbers into Part whole models (tens and ones) Reminder when drawing the part-whole models don't make them too small you need to be able to see the numbers neatly in the circles.

**23, 47, 38, 76, 92, 54**

Can you partition them in different ways? For example:

## English

<https://www.teachyourmonstertoread.com/>

**Grammar-** Apostrophe contractions - Put these words around the room and then find the pair which go together.

Did not- didn't

He will- he'll

It is- it's

Can not- can't

She is- she's

Was not- wasn't

We are- we're

Reminder a contraction apostrophe is where the apostrophe takes out at least one letter and squeezes the words together to make one word.

**Reading-** Watch the video of the beginning of the story of Grandads Island

Can you tell us what you know so far? and then predict what you think will happen?

What do you think is through the door?

What do we know already about this story and the characters?

**Science** Animals including Humans

Baby animals- see Powerpoint

Layout the names of the adult animals and the baby animals can you match them? There are also pictures of the animals can you match those?

## Google Classroom

Once you have your login details please feel free to try it out and have a look at what is already on there. The first time your child enters their google account you will need to change their password. Please change this to **Cromwell**
